ect of study and training.
Mrs. William Astor Chanler, who has charge of the affair, explained yesterday that the production was intended to interest children especially. There was a bit of sentiment in the plan, she added, as the children of this generation would be repaying a debt incurred by their forefathers.

Would Repay Debt to French.

"Almost a century and a half ago," said Mrs. Chanler, "the French people hearing our call of distress, hastened with men, ships and gold to our relief. Washington himself, in a letter to Bannister, in Congress, dated Valley Forge, April 14, 1778, said:
"France, by her supplies, has sayed."

"France, by her supplies, has saved us from the yoke, so far, and a wise and virtuous perseverance would, and

us from the yoke, so far, and a wise and virtuous perseverance would, and I trust will, save us entirely." "France," Mrs. Chanler continued. "is now engaged in a great struggle for independence; the spirit of liberty is in danger. We wish to allow the children of to-day the privilege of paying some part of the debt we owe to France, so that one day these same children, then grown men and women, may look back with genuine pride on this year 1915 and their share of the relief work in France. The proceeds of this entertainment will be devoted to the Lafayette kits and the needs of the hospitals in France, where every man will know that it is to a little child that he owes his relief."

John Jay Chapman wrote the play "Washington and Lafayette" which will be part of the performance. The tableaux vivants will be arranged by Ben All Haggin. Scenery and costumes are now in the hands of Robert Jones.

Poughkeepsie, N. Y., Feb. 13.—For the first time in the history of Vassar College the ban will be lifted on men visitors on Sunday.

The Junior prom. was held to-night. The reception was attended by over two hundred men from out of town and was presided over by Dr. Henry Noble MacCracken, the new president of the college. The decorations were rose and blue, and the box for the dancing committee was trimmed in brown and rose. The favors in the grand march were red ruffs for the girls and canes for the men. Ethel Rose, '16, was chairman of the dance committee and was in the receiving line with Dr. and Mrs. MacCracken and Miss Jean Palmer. Other members of the class committee in charge of the affair were Mary Hendrickson. Rosa Sharpe, Isabella Wadsworth. Miriam Marsh, Josephine Congdon, Phyllis Zimmer and Bessle Leonori. All the faculty attended.
